Ezequiel Adamovsky : Anti-Capitalism before purchasing it in order to gauge whether or not it would be worth my time, and all praised Anti-Capitalism:

0 of 0 people found the following review helpful. Three Stars By BuildHobbyist Concepts are interesting but could be played out further, book is a bit brief. 0 of 0 people found the following review helpful. Five Stars By Dennis Richey Just what he wanted!! 0 of 1 people found the following review helpful. One Star By Jims mom in Bham Disappointed--not enough information about book. Did not know it was a graphic novel of low quality.

In *Anti-Capitalism*, activist and scholar Ezequiel Adamovsky tells the story of the long-standing effort to build a better

world, one without an abusive system at its heart. Backed up by arresting, lucid images from the radical artist group United Illustrators, Adamovsky details the struggle against rising corporate power, as that struggle unfolds in the halls of academia, in the pages of radical newspapers, and in the jungles and the streets. From Marx through the Battle of Seattle and beyond, Adamovsky traces the beliefs and politics of the major figures in the anticapitalist tradition and explores modern experiments in building different ways of living, in the process providing an indispensable primer for anyone interested in finding alternatives to the so-called "best system we have"—and anyone interested in joining the fight.

About the Author EZEQUIEL ADAMOVSKY is an Argentinean historian and activist. He lives in Buenos Aires.
