**Dugan Laird, Elwood F. Holton, Sharon S. Naquin : Approaches To Training And Development: Third Edition Revised And Updated** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Approaches To Training And Development: Third Edition Revised And Updated:

1 of 1 people found the following review helpful. Very technical for the topicBy xXxIf you're expecting a light read regarding training, this is not the book for you. It's very technical. If you need complex ROI calculations, this may be good to pick up, but if you're just a plain ol training coordinator looking to improve your skills, you may want to pick

up one of the Dummies books. 0 of 0 people found the following review helpful. jorge larrazabal  
By jorge L  
Excellent book, gives a good overview of People Development and Training. It is also a good text based on the author's experience. 0 of 0 people found the following review helpful. I'm glad that was the case because I wouldn't have found ...  
By Rick MacDonald  
Needed it for class, I'm glad that was the case because I wouldn't have found it otherwise.

Approaches to Training and Development provides a comprehensive and practical introduction to the field of organizational training and human-resource development. It surveys the methods, functions, and goals of training--from needs assessment to implementation--illustrating each step of an effective training program. This new edition includes updates throughout, with fresh examples and current references, with an emphasis on evaluating and explaining new training. Comprehensive, authoritative, and accessible, this new edition will prove an essential resource to a new generation of trainers, HRD professionals, educators, and managers.

"Approaches to Training and Development is...the best available introduction to the field." -- Training Magazine
