Laura M. Greenstein : Assessing 21st Century Skills: A Guide to Evaluating Mastery and Authentic Learning before purchasing it in order to gage whether or not it would be worth my time, and all praised Assessing 21st Century Skills: A Guide to Evaluating Mastery and Authentic Learning:

0 of 0 people found the following review helpful. Decent ResourceBy CustomerPleased that the book had examples of rubrics to assess the skills.0 of 0 people found the following review helpful. ... an ESOL degree and this was highly informative and useful.By Kristan LI am doing action research for an ESOL degree and this was highly informative and useful.0 of 1 people found the following review helpful. This is a good book that talks about education assessmentBy LucasFCThis is a good book that talks about education assessment. I had to purchase this book for a

college class.

Go beyond traditional paper-and-pencil tests! How can you measure student mastery of 21st century skills like creativity, problem solving, and use of technology? Laura Greenstein provides a framework and practical ideas for using authentic learning experiences and rigorous assessment strategies to engage today's students. With numerous rubrics and checklists, a step-by-step model for developing your own classroom assessments, a lesson planning template, and sample completed lesson plans, this book discusses how to teach and assess: Thinking skills: critical thinking, problem solving, creativity, and metacognition Actions: communication, collaboration, digital and technological literacy Living skills: citizenship, global understanding, leadership, college and career readiness
