From Routledge : Barriers to Growth in Small Firms: Volume 2 (Routledge Library Editions: Small Business) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Barriers to Growth in Small Firms: Volume 2 (Routledge Library Editions: Small Business):

This book, originally published in 1989, studies both the growth and the barriers to growth of small firms. It examines market and industrial structures, also the role of investment institutions and their handling of small business accounts. There are chapters on management attitudes and ability considered as a potential barrier to development, and other problems such as lack of finance and of a suitably qualified workforce. The book stresses the importance of communicating the latest advances in technology to small firms, and urges the need to re-think government tax and procurement policies.

About the Author Dr. John Barber is the pastor of Cornerstone Presbyterian Church (PCA) in Palm Beach Gardens, Florida. He holds theological degrees from Westminster Theological Seminary, Yale University, Whitefield Theological Seminary, and is currently pursuing advanced studies at the Free University of Amsterdam. John Barber has served as an itinerant evangelist, church planter, host of a nationally syndicated radio program, and writer for Dr. Bill Bright. Stan Metcalfe is Stanley Jevons Professor of Political Economy and Cobden Lecturer, University of Manchester.
