Kathleen Hayes, Renee Creange : Classroom Routines That Really Work for Pre-K and Kindergarten before purchasing it in order to gauge whether or not it would be worth my time, and all praised Classroom Routines That Really Work for Pre-K and Kindergarten:

1 of 1 people found the following review helpful. I liked this book because it clearly and in details portrays ...By E. YILDIRIMI liked this book because it clearly and in details portrays classroom routines and gives little tips about relaxed and fun teaching that, I believe, can really be helpful.1 of 1 people found the following review helpful. Good New Kindergarten Teacher GuideBy E. WilfongLots of helpful ideas for new Kindergarten teachers. Because I purchased the Kindle version, I'll recreate some of the forms that are located in the back of the book rather than copying. This is an older book, but has good ideas. I'll be including technology in my class (interactive whiteboard programs, Starfall, etc) and other more up-to-date strategies.0 of 0 people found the following review helpful. Great IdeasBy Sarah KincaidI'm looking forward to implementing some of these routines in my Kindergarten class next year. I am really interested in trying "news of the day."

Everything you need to set up and manage the best routines and practices for young learners. From shared reading to snack time, literacy centers to outdoor play, this book provides all the step-by-steps to make teaching in a Pre-K or Kindergarten classroom a success.
