Fawzy Soliman : Cloud Systems in Supply Chains before purchasing it in order to gage whether or not it would be worth my time, and all praised Cloud Systems in Supply Chains:

Cloud Systems in Supply Chains explores the risks that could face supply chain firms if their implementation of cloud systems is not carefully managed or if not appropriately selected and supported. This volume aids supply chain firms in ensuring that their cloud system activities are positioned to assist and sustain their competitive advantages.

About the Author Dr Fawzy Soliman is a lecturer in management at the University of Technology, Sydney, Australia. His research interests include knowledge management, e-business, manufacturing and logistics management.
