Signe M. Spencer, Lyle M. Spencer : **Competence at Work: Models for Superior Performance** before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Competence at Work: Models for Superior Performance*:

0 of 0 people found the following review helpful. Excellent reference for competence development. By R Devai Found this dictionary very useful, as I often have to write competence descriptions and scales. Highly recommend to anyone in task-related activities. 0 of 0 people found the following review helpful. no doubt this is the best book on competence ever. By Anthony Ji If you want to do some research on competence, then this one must come first on your reference list. But for a book published 19 years ago, \$170 bucks is just so expensive!! 0 of 1 people found the following

review helpful. Five StarsBy Ayelet GincelThank you for sending the book so quickly! much appreciated!

Provides analysis of 650 jobs, based on 20 years of research using the McClelland/McBer job competence assessment (JCA) methodology. Includes generic job models for entrepreneurs, technical professionals, salespeople, service workers and corporate managers. Defines JCA and describes in detail how to conduct JCA studies. Suggests future directions and uses for competency research.
