Mike Millions of Americans are employed in small businesses - in fact MOST of America is supported by small to mid-sized private businesses. Darryl offers a gift to millions of peers pierce the veil of how to make the leap from struggling business treadmill to a faith-fueled adventure where business actually becomes a context for worship, ministry, and peace while also seeing "success." He knows first hand how many live lives devoid of any of those things while chasing the American Dream with all of its toxic deceptions. In practical language and with compelling transparency Darryl shares both how to tackle the core issues around building a business (versus just having a stressful job) and of discovering that Christ doesn't add expectations or burdens to the journey but completely subverts the entrepreneurial journey by changing the power source! Read it. Apply it. Share it. Wrestle with it in your life and business. It can have a huge impact on your life, career, business and family legacy.

By Mrs. Class As a solopreneur, the content in the book was highly relative to my work world. Lyons not only explained financial analysis elements very simply, he covered a lot of other important elements of running a business. It's comforting to know that feeling void is common, and I'll be utilizing what I learned immediately. Be sure to read the whole book - fantastic info all the way through! I'll definitely re-read and study.

By JG There are many books about being an entrepreneur, so why choose this one? For busy people, this is a great book that reads easily. Darryl takes good solid principles and weaves it through an enjoyable personal narrative. For those who own a business, manages people, or want to start a business this book has solid nuggets that can be utilized immediately. On the website www.smallbusinessbigpressure.com, I was able to download a free copy of " 30 Small Business Start-Up Mistakes" which I found to be concise and extremely useful as well.

The daily roller coaster for an entrepreneur can include both terror and exhilaration. *Small Business Big Pressure* reminds us success does not come from luck, wishes, or dreams, but from careful planning directed by godly wisdom.

Dan Miller, New York Times best-selling author of *48 Days to the Work You Love* Your small business is controlling you; take back what you rightfully own. Small businesses make our country great. However, the challenges facing entrepreneurs and small business owners can be overwhelming. Business schools don't prepare owners for the real world. As a result, entrepreneurs may experience worry, pressure, and confusion. It is then just a matter of time before the entrepreneur suffers a breakdown. But it doesn't have to be this way. *Small Business Big Pressure* is a collision of wisdom and knowledge designed for the 20-year business veteran or the soon-to-be entrepreneur. When a business owner aligns all facets of his company with God, something special happens. In the context of aligning with God's will, with *Small Business Big Pressure* you will be able to: Build a mission and vision statement Accomplish personal and professional goals Read and apply financial statements Hire, train, and fire employees effectively Build a company identity and inspire your team Not only will this book give you solid principles, a real tested-in-the-trenches entrepreneur shows you how to put these principles into practice immediately! You will be compelled to keep the book close by through your entire career, both as a unique reference and a source of inspiration.
