**Peri Pakroo : Small Business Start-Up Kit, The: A Step-by-Step Legal Guide (Small Business Start Up Kit)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Small Business Start-Up Kit, The: A Step-by-Step Legal Guide (Small Business Start Up Kit):

6 of 6 people found the following review helpful. Informative BookBy AnonymousThis book is great. It covers everything that you need in order to start a business. However, I did note that each section is a bit abbreviated and I am left asking questions after each section. For more specific information regarding business entity and business plans you may be better off getting a book that is solely on the topic. With that being said, it is still a great resource and provides you will all of the forms you may need in order to get your start-up rolling. I would purchase it again. 0 of 0 people found the following review helpful. Easy to readBy StevenEasy to read, well organized, not too much up-

marketing to other volumes on related topics. A handy guide for a first-timer. 0 of 0 people found the following review helpful. Best Purchase for the Price By Kenneth L. Tyler This is a great book for any person who wants to get going in a new business. I am in the waste to energy industry the laws and steps are many. For the price this is the best buy and help you can get. Kenneth Tyler
