Leonard Schneidman : Sovereign Wealth Funds: A Legal, Tax and Economic Perspective: 1 before purchasing it in order to gage whether or not it would be worth my time, and all praised Sovereign Wealth Funds: A Legal, Tax and Economic Perspective: 1:

Although theyrsquo;ve existed for many years, the first decade of the 21st century saw a substantial surge in the assets of sovereign wealth funds (SWFs). This, coupled with a more aggressive investment style, has resulted in a much

greater awareness, by both governments and the public, of SWF activity. In turn, this has generated an ongoing policy debate about the proper role of government regulation and taxation of these funds. In *Sovereign Wealth Funds*, noted international tax lawyer Leonard Schneidman has assembled an array of essays, authored by a global collection of subject area experts, designed to explore three key aspects of SWFs: their regulation and governance, investment behavior, and taxation. You'll quickly discover this work to be the highly useful tool you and your clients need to assess the SWF phenomenon and its practical legal, tax and financial implications. Founded in 1933, Practising Law Institute (PLI) is the nation's foremost provider of continuing legal education. PLI is a leading publisher of authoritative legal references and other information resources and offers more than 300 live and electronic programs nationally.
