Sarah White, Kevin Pegg : Start Run a Handyman Business (Start Run Business Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Start Run a Handyman Business (Start Run Business Series):

20 of 20 people found the following review helpful. More a pamphlet than a book.....By J. KelsoNot bad info, just limited.... I was looking for something a little richer and specific to the Handyman business. Most the info here is available from other (better) sources that deal more generally with the field of construction contracting. Most of the book consists of generic material that could be applied to any business; anyone using cut and paste could have written

this book by borrowing from available sources. **SAVE YOUR MONEY!** Borrow the book from your local library, spend 15 or 20 minutes reading it then look elsewhere for substantial information...0 of 0 people found the following review helpful. fast shipping good bookBy William Cainfast shipping good book0 of 0 people found the following review helpful. DissappointedBy William A. TaylorMostly common sense advice, you could change the type of business and it would be the same information. Only found a few worthwhile tips.

With the easy-to-read tips and business strategies taught in this book, readers will learn how to make a handyman business profitable. The book provides tips for both doing the job and the skills needed to run the business. The work life of a handyman can be very rewarding. It means finding creative solutions to everyday problems, learning new things, and enjoying a wide variety of tasks. Handymen can set their own hours and be their own bosses. But they will need the skills to make the business profitable, too, since only they will be responsible for finding customers. This book demonstrates, step-by-step, how readers can make a name for themselves as the handymen in their communities.
