By Maureen Mulimakwenda
Very good
2 of 3 people found the following review helpful. Great Book
By Customer
I thought this book was really good! All the needed information to start an ebay business was in it. It also had great tips. I really liked the way that it was written because it made it easy to read and understand. I think it is a great book to get if you want to start an Ebay business.
10 of 11 people found the following review helpful. Not very good.
By Veemann
This book tries to address starting a business and eBay. The result is an all-too-typical superficial treatment of both topics. Annoyingly refers numerous times to another book that I could not locate and does not appear in the bibliography (publications list). The so-called successful eBay sellers used throughout the book (and listed in the appendix) is a bit telling. Half of the 10 listed do not have a current

valid eBay userid that matched what was in the book. One "successful seller" is mostly a buyer. The most prominently featured "successful seller" has more negative feedback than I personally have ever seen and is no longer a registered eBay user. If you absolutely have to read everything on eBay, check this out of your local library.

eBay has changed the way the world shops. Here's your chance to get in on this retail phenomenon's simple and inexpensive to get started. All you need is a computer and a product (or service) people want, and you're well on your way to reaching eBay's hundreds of millions of customers. You can sell almost anything on eBay, from the familiar to the exotic. And you can do it any time of the day or night, making this a great business to start part time. Newly revised and updated with the latest eBay tools and features, this book puts you on the fast track to your own eBay business. You'll learn: Hot tips for attracting interested customers and high bids The latest online marketing strategies The most profitable items to sell online How to spot trends and discover the next hot items Insider secrets from successful eBay entrepreneurs The vital keys to eBay success How to use eBay's ProStores, Trading Assistants, Trading Posts and more to put you a step ahead of your competition More than 750,000 people make a living on eBay. Use this step-by-step guide, and you could become the next eBay PowerSeller!
