Five StarsBy P BaileyThis was a gift2 of 3 people found the following review helpful. Starting a Small Restaurant ReviewBy BearcatOur daughter bought a restaurant and it was her first venture in running one. It was helpful in teaching her what to expect so that the realities were not such a shock when she actually got into it. She is

doing very well today, so it must have helped some!

More than 100 new restaurants open "every day" and the truth is, most of them don't make it. This is a fully-updated edition of the classic guide to opening a small restaurant successfully, be it a bistro, diner, inn, cafe, or something fancier. Expert Daniel Miller offers a wealth of information to help would-be restaurateurs decide if the life of a small-business owner is right for them, and if so, how to proceed to get a restaurant up and running. From finding the location to creating a business and finance plan, to hiring and training staff, purchasing equipment, setting up computer programs, developing a menu, and a whole lot more, this is everything you need to know. If you are a burgeoning entrepreneur, or even if you just want to "dream the dream", this practical and engaging book will lead you on your way.
