Great source of inspiration for young entrepreneurs!By leakproofbugI do not mean to write negative for this book but if u r an average guy not from a shiny bschool with high aspirations, you will find hard time connecting to this book. Reading this book is like -what IIM guys can do after getting the gaudy IIM badge. Though some stories in the book are really inspiring. Overall a good read.0 of 0 people found the following review helpful. Five StarsBy Deb EaLove it!!! Reading it again0 of 0 people found the following

review helpful. Two StarsBy CustomerI liked the idea of the book, describing the path of 25 entrepreneurs. But the writing style sucks.

Rashesh Shah did it.Sanjeev Bikhchandani did it.Shantanu Prakash did it.Stay Hungry, Stay Foolish is the story of 25 such IIM Ahmedabad graduates who chose the rough road of entrepreneurship. They are diverse in age, in outlook and the industries they made a mark in. But they have one thing in common: they believed in the power of their dreams. This book seeks to inspire young graduates to look beyond placements and salaries.To believe in their dreams.
