in the Middle East, but in the U.S. And globally as well. Quite politically incorrect in some quarters, but if you can read with an open mind there is a good deal to be learned here. Just read and pass it on to someone else who would benefit from it. 13 of 14 people found the following review helpful. brilliant!

Written by a non Jew, this exemplary work explores facts about Israel often little known by the average American. Coupled with his admiration and support of the Jewish people, this is a necessary read for anyone interested in truth, justice and the American way. Highly recommend.

A REAL EYE OPENER , I THOUGHT IT WAS COMPREHENSIVE ,HISTORICAL , AND SHOW A THOROUGHLY RESEARCHED EXPLANATION OF ISRAEL 'S IMPORTANCE THROUGH HISTORY .

In this book, George Gilder claims that the reason there is such hatred and criticism of the current state of Israel is because these critics are envious of Israel's sudden rise as a world power. This, he claims, is an inherent quality of Judaism, which, perhaps more than any other religion, favors capitalist activity and provides a rigorous moral framework for it. Those who currently hate Israel's economy, such as surrounding countries in the Middle East and Western European nations that are facing socialist decline, have failed Israel because they seek to tear down this country's success, and America's ability and desire to defend Israel will define our future survival as a nation: "If Israel is destroyed," he says, "capitalist Europe will likely die as well, and America, as the epitome of productive and creative capitalism spurred by Jews, will be in jeopardy."

About the Author
George Gilder's bestselling books have sold more than two million copies worldwide. In *Wealth and Poverty*, one of the most influential books of our time, Gilder made the moral case for capitalist creativity. With *The Spirit of Enterprise*, *Microcosm*, *Telecosm*, and *Life After Television*, Gilder achieved renown as a stunningly accurate prophet of the direction of technology development and enterprise, including Israel's world-beating contributions. A contributing editor to *Forbes* magazine, Gilder has produced the annual Gilder/Forbes *Telecosm* Forum since 1997, offering leading edge forecasts and analysis from the top technology firms and research centers around the world. Gilder also heads Gilder Technology Associates, a venture capital fund focusing on breakthrough technologies. In 1986 President Ronald Reagan presented Gilder the White House Award for Entrepreneurial Excellence. Gilder is a founding fellow of the Discovery Institute in Seattle, a contributing editor to *Forbes*, and writes frequently for national publications including *The Wall Street Journal*, *Wired*, *National*, and *The American Spectator*.
