From Routledge : The Management of Small and Medium Enterprises (Routledge Studies in Small Business) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Management of Small and Medium Enterprises (Routledge Studies in Small Business):

Due to the vital importance of SMEs in developed economies worldwide, this book aims to provide a unique and much-needed investigation into the underlying mechanisms and practices of management within these companies by collecting a wide range of original conceptual and empirical research in the topical area of management in SMEs and new ventures. Collecting work from dozens of leading scholars in fields ranging from management and entrepreneurship to human resource management and strategy, this book aims to supply readers withnbsp; an overview

of the field of research in management of SMEs and new ventures as well as in depth knowledge on a variety of related topics. The essays collected here are focused and practical, offering a variety of explicit and pragmatic recommendations for action and developing new tools and strategies useful to scholars and students as well as practitioners working in the field of SME and new venture management and consulting.

About the Author Matthias Fink is Assistant Professor at the Institute for Small Business Management and Entrepreneurship at the Vienna University of Economics Business Administration, Austria. His research is funded by the Austrian Academy of Sciences (APART - Austrian Program for Advanced Research and Technology). Furthermore, he is Senior Researcher at the Research Institute for Co-operation and Co-operatives (RiCC) and Asc.
