A one-stop reference for in-depth explanations of mortgage topics With the creation of so many new, complex

Written by nationally syndicated real estate columnist Jack Guttentag, The Mortgage Encyclopedia helps readers understand the various mortgage terms, features, and options by offering clear, precise explanations. The alphabetical organization of terms makes it easy to quickly find information on any topic, from FHA, Investor, and No-PMI Loans to Origination Fee and Rate Float. Each entry includes not just a description of the term, but also relevant advice for consumers, such as answers to the questions "Is this loan right for me?" and "Can I negotiate this fee?"
