S. Apati : The Nigerian Banking Sector Reforms: Power and Politics (Palgrave Macmillan Studies in Banking and Financial Institutions) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nigerian Banking Sector Reforms: Power and Politics (Palgrave Macmillan Studies in Banking and

Financial Institutions):

This is the first comprehensive book on the politics and economics of financial sector consolidation in an emerging market in West Africa. It draws on the author's twenty years experience working with multinationals in this oil-rich zone, to address key issues and examine banking reform in one of the world's fastest-growing economies.

About the Author SETH APATI, a former journalist, has been an adviser to diplomats, CEOs and boards of directors of some of Africa's largest banks and multinational corporations, interfacing with power-brokers and statesmen in the corridors of power of Nigeria. This book is a culmination of his two decades of working with global financial institutions in West Africa and his extensive research into the reform and multi-billion dollar looting of Nigeria's banking system.
