**From OUP Oxford :** The Oxford Handbook of Historical Institutionalism (Oxford Handbooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Oxford Handbook of Historical Institutionalism (Oxford Handbooks):

The Oxford Handbook of Historical Institutionalism offers an authoritative and accessible state-of-the-art analysis of the historical institutionalism research tradition in Political Science. Devoted to the study of how temporal processes

and events influence the origin and transformation of institutions that govern political and economic relations, historical institutionalism has grown considerably in the last two decades. With its attention to past, present, and potential future contributions to the research tradition, the volume represents an essential reference point for those interested in historical institutionalism. Written in accessible style by leading scholars, thirty-eight chapters detail the contributions of historical institutionalism to an expanding array of topics in the study of comparative, American, European, and international politics.

About the Author Orfeo Fioretos, Associate Professor of Political Science, Temple University, Tulia G. Falletti, Class of 1965 Term Associate Professor of Political Science and Senior Fellow, Leonard Davis Institute for Health Economics at the University of Pennsylvania, Adam Sheingate, Associate Professor of Political Science, The Johns Hopkins University Orfeo Fioretos is Associate Professor of Political Science at Temple University, Philadelphia. He is the author of *Creative Reconstructions: Multilateralism and European Varieties of Capitalism After 1950* (Cornell University Press, 2011).
