Richard Newton : The Project Manager: Mastering the Art of Delivery before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Project Manager: Mastering the Art of Delivery:

Processes don't drive projects; people do. Successful project management is ultimately about effective communication, and more broadly, effective people management. Most books, however, deal largely with process - the mechanical, methodological side, and play down the human side. The Project Manager is a fresh approach to project management: it moves beyond the formal methodologies and techniques to shed light on the core skills that will make you a great

project manager. It puts the project manager centre stage and provides you with an invaluable set of experience-based lessons, tips, and advice to help you consistently deliver the results you want. Whether you are a project manager yourself, or someone who works with or recruits project managers, this book will be essential reading. **DISCOVER WHAT YOU NEED TO KNOW AND DO TO BE A GREAT PROJECT MANAGER**

From the Back Cover "… [shows what] really makes projects and project managers successful. A must read for everyone interested in understanding what levers to pull to improve their delivery capability." Perry Childs, Director, Childs Consulting. "A simply written and well structured book that is a crucial support for both experienced project / programme managers and people new to the project management environment." Paul Gilhooly, Project Director, Openreach (a BT Group business) "Processes don't drive projects; people do. Successful project management is ultimately about effective communication, and more broadly, effective people management. Most books, however, deal largely with process - the mechanical, methodological side, and play down the human side. The Project Manager is a fresh approach to project management: it moves beyond the formal methodologies and techniques to shed light on the core skills that will make you a great project manager. It puts the project manager centre stage and provides you with an invaluable set of experience-based lessons, tips, and advice to help you consistently deliver the results you want. Whether you are a project manager yourself, or someone who works with or recruits project managers, this book will be essential reading. **DISCOVER WHAT YOU NEED TO KNOW AND DO TO BE A GREAT PROJECT MANAGER** About the Author Richard Newton is an experienced executive who has worked both as a management consultant and a senior manager in a number of major corporations. Over the past twenty years he has built a superb track record in the successful delivery of projects and business change, the setting up and management of project and business improvement teams, and advising companies on how to ensure successful delivery on an ongoing basis. He is an advocate and successful practitioner of simple approaches to project and change management.
